Wide-ranging changes and expansion in the world trade owing to the process of evolution in globalization and free market economy have facilitated free flow of goods which resulted in worldwide trade competition. In order to cope with the situation, steps have been taken to make the Import Policy Order of the Government of the People's Republic of Bangladesh up-to-date in consonance with the emerging trends in the globalized and free market economy. Consistent with the changes in the trend of world trade with the conclusion of Uruguay Round of Multi-lateral Trade Negotiations and creation of the W.T.O. towards the close of the 20th century, Bangladesh has been pursuing steps towards liberalization of her Trade Policy. This Import Policy is being published at the beginning of the 21st century also keeping in consideration the impact of free global trade on the garment sector of the country after 2004. However, protection policy to a bare minimum has been pursued, considering public health and security as well as social, cultural and religious norms and bindings. In the formulation of this new Import Policy Order all the commitments made by the past and the present governments under W.T.O. agreements have been duly taken care of, as the three-year Import Policy Order can, by no means, be kept outside the principles and objectives of those commitments.

2.0

2.1 to make the Import Policy Order further liberalized to keep pace with the gradual development of globalization and free market economy under the W.T.O.

2.2 to provide facility for import of technology for widespread expansion of modern technology,

2.3 to provide facility for easy import for the export support industries for the purpose of placing export industries on a sound base and with this end in view, co-ordinate the import policy of the country with the industrial policy, export policy and other development programs.

2.4 to make easier the availability of industrial raw materials for increasing competition and efficiency by gradual removal of restrictions on import of finished goods,

3.0 If the objectives stated above are materialized it is expected that the import and export trade of the country will gain a new momentum.

(Published in Bangladesh Gazette Extra-ordinary dated 18th March, 2004)

Dated 30-11-1410 BS/13-3-2004 A.D

No. —In exercise of the powers conferred by sub-section (1) of section 3 of the Imports & Export (Control) Act, 1950 (XXXIX of 1950), the Government is pleased to make and issue the following order:

The bank shall make necessary amendments on the IRC of the importers concerned and send to the concerned Import Control Authority one copy of the importer's application alongwith original treasury chalan showing payment of additional amount of renewal fees. No importer shall be allowed to open L/C in excess of the value ceiling of annual import applicable for him. The importer concerned and the bank shall be equally responsible for any violation of this condition.

9.1.6 The sponsoring authority (Board of Investment/BSCIC/BEPZA) while sending recommendation to the Chief Controller of Imports and Exports for issuance of IRC in favour of a new industrial unit shall clearly mention the category under which the concerned industrial unit is to be registered.

9.1.7 Indentors and exporters shall pay registration and renewal fees at the following rates:—

| | Initial registration fees | Renewal fees |
|----------|---------------------------|---------------|
| Indentor | Tk. 20,000.00 | Tk. 10,000.00 |
| Exporter | Tk. 3,000.00 | Tk. 2,000.00 |

Indentors shall pay renewal fees in cash to their respective nominated banks, against appropriate receipt. The Banks shall, in turn, deposit the received amount separately with the Bangladesh Bank or Sonali Bank, where there is no branch of Bangladesh Bank, under the Head of Accounts mentioned at sub-para 9.1.3 above and send the original copies of the Treasury Chalan to the concerned Regional Import Control Office for record and verification. Exporters shall deposit renewal fees with the Bangladesh Bank or Sonali Bank, where there is no branch of Bangladesh Bank, under the aforementioned Head of Account and send the original copy of the Treasury Chalan along with original export Registration Certificate to the respective Import Control Authority in the first week of every month for endorsement of renewal fees.

All registered Importers, Exporters and Indentors must obtain a Registration Certificate Renewal Book for endorsement of information relating to the renewal. An amount of Tk. 50 (fifty) as fees for each renewal book shall be deposited through Chalan under head of account no. "1731/0001/1801". The Renewal Book shall be obtained together with the Registration Certificate in case of new Registration Certificate is issued. Importers, Exporters and Indentors who have already received Registration Certificates will have to obtain Renewal Books from their respective licensing office on submission of Chalan showing payment of fees.

10.0 —Importers all over Bangladesh may form one or more groups for import on joint basis according to their convenience on condition that the industrial consumers shall form group or groups with other industrial consumers only and the commercial importers may form group or groups with other commercial importers. The procedure for import on joint basis is given at Annex-3.

—Individuals or institutions not being registered importers, may import permissible items valued up to US Dollar five thousand for their own use under cash foreign exchange without any permission from the import Control Authority. Prior permission from the Chief Controller shall be necessary in case of such imports exceeding US Dollar five thousand. The above provision shall also apply to the government servants and employees of bodies-corporate set up by or under any statute for the time being in force. Such applicants shall produce a certificate from their respective Head of Department or Organisation to the effect that the items(s) to be imported are for their actual use and not for sale. Goods imported by actual users shall not be sold within one year of their import except with the permission of the concerned Import Control Authority.

Bangladeshi professionals living abroad (Doctors, Engineers, Scientists etc.) may import their own professional and scientific equipment out of their own foreign exchange earnings abroad without any value ceiling. existing Imports and Exports Control regulations;

15.4 EPZ Authority shall prepare a list of items (on the basis of N.O.C. from the NBR) required to be bought from the Bangladesh Customs area for use in the EPZ area and get the same approved by the Ministry of Commerce. Any correction in, or amendment to the said list may be made in accordance with the same procedure. Industrial units situated in the EPZ area shall pay in convertible Currency, out of their own foreign currency accounts, the cost of goods bought

from the Bangladesh Customs area as per the said list. EPZ Authority shall issue Pass Books in favor of industrial units situated in the EPZ area indicating therein the amount in Taka upto which goods can be procured locally on a yearly, half yearly or quarterly basis. The EPZ Authority shall determine the proforma of the aforesaid Pass Book and the requisite Accounting System in consultation with the Customs Authority. When the value ceiling mentioned in the Pass Book will be exhausted the EPZ Authority may endorse a fresh value ceiling in the same Pass Book or issue a new Pass Book.

15.5 EPZ Authority shall issue necessary "In-Pass" and "Out-Pass" for machinery and equipment which are required to be brought out of EPZ area for the purpose of repair. On the basis of such passes the Customs Authority, after making necessary entries in appropriate register, shall allow movement of machinery and equipment out of the EPZ area for the purpose of repair and into the EPZ area after repair. However the documentation and accounting procedure for such outward and inward movement of machinery and equipment shall be determined by the EPZ Authority in consultation with the Customs Authority.

16.1 In case of import of milk, milk food, milk products, edible oil and other food items produced in any country, test of radioactivity levels present in those items is mandatory. It is to be noted that test of radioactivity levels of vegetables and seeds, which may be used as food directly is also mandatory.

However, hotels of international standard and diplomatic bonded warehouses may import their necessary food-stuff without the test of their radioactivity levels. In such cases, the concerned hotels shall procure a certificate from any testing agency of international repute or any competent authority of the country where the food-stuff has been produced or packed to the effect that the levels of radioactivity present in them are within the acceptable limits as determined by the Government of Bangladesh. The certificate so procured shall be submitted to the customs authority along-with Bill of Lading. In addition to the above the concerned hotel authority/diplomatic bonded warehouse authority shall also ensure that the food-stuff so imported are fit for human consumption before serving or selling the same to guests or customers.

16.2 In case of import of food items from any country, the shipping documents must be accompanied by radioactivity-test reports from the concerned authority of the exporting country indicating the level of CS 137 found in such radioactivity-test in each kilogram of food items shipped. In addition, a certificate to the effect that the items are fit for human consumption shall also be required;

16.3 Collection of representative samples of such food item from on board the ship at the port of loading and despatch thereof shall not be necessary;

16.4 The following procedure shall be applicable in the matters of radioactivity-test of food items to be imported from any country:

16.4.1 Prior to shipment of the aforesaid item(s) the inspection agent of the supplier or buyer/consignee shall make necessary arrangement for the test of radioactivity levels for such items. Prior to the arrival of a ship carrying such items at a Bangladeshi port, the buyer or consignee or his inspection agent shall make necessary arrangement for sending by courier the certificate regarding radioactivity-test to the concerned Customs Authority. No goods, the radioactivity level of which is above the acceptable limit shall be shipped. However, in case of import of food items, which were, produced neither in any European country nor packed/ tinned in or shipped from the third country submission of the aforesaid certificate about radioactivity-test to the Customs Authority shall not be required. But a report on radioactivity-test indicating the level of CS 137 found per kilogram of the item concerned and a general certificate to the effect that the items are fit for

same to the Officer/ Staff of Bangladesh Atomic Energy Commission against appropriate record and signature. After receipt of the samples in the Laboratory Bangladesh Atomic Energy Commission shall within twenty-four hours, send to the Customs Sample Room their report on the result of examination of the samples. In case of collection of samples after office hours the customs officer concerned shall keep the same in his own custody and hand it over to the samples room the next day immediately after the opening of office. The representative of Bangladesh Atomic Energy Commission, shall on receipt of information, collect such sample from the Sample Room on the same morning and shall make arrangement for sending reports to the Sample Room after proper examination of the samples. The representative of Bangladesh Atomic Energy Commission shall collect samples from the sample room twice a day *i.e.* once in the morning and again in the afternoon.

16.5 If on test of sample(s) of the consignment by the Bangladesh Atomic Energy Commission, it is found that the consignment contains radioactivity level above the acceptable limit, the consignment shall not be released and the concerned exporter/supplier shall be bound to take it back at his own expense.

16.6 The testing procedures described at clause 16.4.1, 16.4.2 and 16.4.3 of sub-paragraph 16.4 above shall also be applicable in case of import of milk, milk food, milk products, edible oil and other food items, even when these have been produced in any country and packed/ tinned in or shipped from another country.

16.7 The condition laid down in sub-paragraph 16.2, 16.4.1, 16.4.2 and 16.5 shall be mentioned in the concerned Letters of Credit/ Purchase Orders.

16.8 The Customs Authority shall, in the usual course, release the goods, only after getting the Clearance Certificate(s) from the Bangladesh Atomic Energy Commission certifying that the radioactivity level found in the imported food-stuff is within the acceptable limit.

16.9 Radioactivity-test for palm olein and RBD palm stearine produced in Malaysia and imported or to be imported from Malaysia or Singapore shall not be required. However, Bangladesh Atomic Energy Commission (BAEC) shall collect samples, for radioactivity-test of these item(s) from the market from time to time and this policy shall be liable to change if, on test of such sample(s) by the BAEC it is found at any stage that the items contain harmful levels of radioactivity.

16.10 Test for determination of purity of the imported palm olein and RBD palm stearine, by the Bangladesh Council of Scientific and Industrial Research (BCSIR) is obligatory. For this purpose, the Customs Authority shall collect the required number of samples of the items carried by a ship in presence of the nominated officer(s) of the Port Authority and the importer or his representative. The Customs Authority shall seal the sample in their presence and send the same to the authorized officer of the Bangladesh Council of Scientific and Industrial Research, Dhaka for conducting necessary test. The authorized officer of the BCSIR shall duly test the samples of such items promptly and furnish expert report as to whether those samples of palm oil, palm olein or RBD palm stearine are in conformity with the description of the items given in the import documents. BCSIR will then send such report to the concerned Customs Authority.

16.11 The concerned importer(s) shall bear all expenses incurred for the radioactivity-test of the above food items imported or to be imported. The importers shall also bear the expenses relating to the test conducted by the Bangladesh Council of Scientific and Industrial Research, of such RBD palm stearine, palm oil, palm olein.

16.12 Radioactivity-test shall not be necessary in case of import of cigarette, cigarette paper, pipe tobacco, whiskey, beer and other alcoholic beverages, concentrated essence, spices and medicine.

16.13 These procedures shall not apply to the food items imported or to be imported by the Ministry of food, for which separate procedure has been prescribed by the Ministry of Food for testing radioactivity level. In these cases, the procedure prescribed by Ministry of Food shall be followed.

16.14 Acceptable limits of radioactivity for milk powder, milk food and milk products is 95Bq of CS-137 per kilogram and that for other food items is 50Bq of CS-137 per kilogram. The level of CS-137 in an item shall be calculated in the state it reaches the port without being liquefied concentrated or processed. In case of local items, the level of CS-137 in an item shall be calculated in the state it is marketed. The highest acceptable limit of radioactivity levels may be revised by the government from time to time.

16.15 In case of import of rice, wheat, other cereals, and food-stuff from SAARC and South-East Asian Countries, the provision of the above mentioned radioactivity-test shall be relaxable on fulfillment of the conditions mentioned below:

16.15.1 Imported rice, wheat, other food cereals and food stuff must be produced in SAARC or South-East Asian Countries and a certificate of origin, issued by the related Government/approved Agency of the exporting country, shall be submitted, along with import documents to the Customs Authority.

16.15.2 A certificate, issued by the Government/Approved Agency of the exporting country, declaring that the standard & quality of the imported rice, wheat, other cereals and food-stuff are fit for human consumption and free from all harmful germs, shall be submitted to the Customs Authority.

16.15.3 In case of import of easily perishable food-stuff such as, fresh fruits, fishes, vegetables etc. from SAARC countries, a certificate regarding radioactivity issued by that Government Agency of the exporting country shall be acceptable.

All kinds of milk food products including baby food with fat contents covered under H.S. Heading 04.02 or 19.01 and all H.S. Code classifiable there under shall be importable subject to the following conditions.

16.16.1 Milk food and baby food with fat content shall be imported in tin containers only.

16.16.2 The words: _____ shall be printed clearly in relatively larger letters in Bangla in a visible space on each tin of baby food with cream.

16.16.3 Composition and percentage of various ingredients shall be printed in Bangla on the tin container of milk food.

16.16.4 The date of manufacture and the date of expiry (for human consumption) shall be embossed or shall be computer printed in permanent ink either in Bangla or in English on each tin container of milk food. Apart from this, the net weight of milk food shall be clearly indicated on each container either in Bangla or in English.

16.16.5 The condition mentioned at clauses (16.16.2), (16.16.3) and (16.16.4) above must be embossed on the tin container. Separate printed labels shall, in no way, be pasted on the tin container.

16.16.6 Measuring spoon shall be supplied in tin containers of baby food *i.e.* milk food having fat contents up to 19%.

16.17.1 Import of non-fat dried milk, packed in bag/ tin, shall be allowed.

16.17.2 The importer shall produce an analysis certificate duly authenticated by the competent authority of the exporting country. The certificate shall contain a declaration to the effect that the milk food is fit for human consumption.

16.17.3 The date of manufacture and date of expiry of fitness of the contents for human consumption shall be printed on each container/ bag.

16.17.4 In case of import of milk food products and powder milk pre-shipment inspection shall be mandatory for determination of radioactivity level and the goods may be shipped only if in such test the radioactivity level is found within the acceptable limits approved by the Government. Such test report shall be sent to all concerned authorities as one of the shipping documents. On arrival of milk food and dried milk in the country, the consignment shall be subject to radioactivity test for the second time before release of the goods and the goods shall be released only if the radioactivity level is found within the acceptable as well as approved limits. The existing procedure of testing the radioactivity level of imported milk food and dried milk on arrival in the country shall continue as usual.

— In case of import

of all kinds of food and beverages, the date of manufacture and the date of expiry shall clearly be printed on each package/ container of such items. However, it shall not be necessary to mention the date of expiry in case of import of wine/ liquor.

16.19 For import of all food products, (directly consumed/drank or consumed/drank after processing) the importer shall require to submit along-with other shipping documents a cautionary certificate from the government of the exporting country or from appropriate approved agency to the effect that the item is "fit for human consumption", "that it does not contain harmful ingredients", or that " it is free from all kinds of harmful germs." Such a certificate shall mention the age group for which the item is eligible for consumption.

16.20 All food-stuff/edible substances imported into Bangladesh must undergo mandatory tests of BSTI and BCSIR. On arrival of the consignment in Bangladesh the importers shall submit samples of the items to the BSTI/BCSIR for testing and obtain clearance certificate from them. If food staff/edible substance does not conform to their standard, the consignment will not be eligible for release and the importer will be subject to legal action.

In case of import of poultry feed and animal

feed items, the shipping documents must be accompanied by radioactivity-test reports from the competent authority of the exporting country and a certificate to the effect that the items are fit for consumption by poultry or animal as the case may be. The radioactivity-test report must clearly indicate the level of CS-137 found in such radioactivity-test in each kilogram of the items on board the ship. Such items shall be released only when their radioactivity levels are found within the acceptable limits in accordance with the above reports, otherwise, the supplier shall be under obligation to take back the consignment at his own expense. The above condition shall be mentioned in the letter of credit to be opened for import of poultry feed and animal feed items. There is no need for further testing of radioactivity level of animal and poultry feed items after their arrival at the Bangladesh Port.

18.0 _____ If a consignment of imported goods is detained by the Customs Authority, the concerned importer may apply to the Chief Controller of Imports and Exports with a prayer to issue instruction to the Customs Authority for clearance of the consignment. Such an application shall be submitted to the Chief Controller within Ninety days from the date of objection given in writing by the Customs Authority! Applications submitted after expiry of the above time limit will not be considered with exception to special case(s). Such applications must be accompanied by written objection(s) of the Customs Authority or detention memo showing the ground(s) for detention of the consignment(s). The Chief Controller, in all such cases except those involving issuance of IP/CP for items in the control list on for items restricted anywhere else in the Import Policy Order, shall take into

consideration all the relevant aspects of the cases for their proper assessment and expeditious disposal at his level. The Chief Controller shall, however, forward to the Ministry of Commerce with his opinion such other cases that involve import of items in the Control list or items otherwise restricted for import as per any other provision of the Import Policy Order for decision regarding relaxation of the relevant provisions.

— No claim for import shall be entertained in cases accepted under Review, Appeal and Revision Order, 1997, if the item is no longer permissible for import. Import Authorization in such cases may be issued in accordance with the Import Policy Order in force.

— Goods imported in violation of any provision of this Order or of any notification issued there under by the Chief Controller shall be treated to have been imported in contravention of the provision of the Act.

The Government may at any time amend, alter or relax the provision of this Order.

— All provisions regarding export as mentioned in this Order shall apply in case of export of goods.

Commercial importers have been allowed the facility of import on joint basis for the sake of economy. For this purpose, formation of group may be done either before or after registration, whenever necessary, with the registration unit of Bangladesh Bank subject to provision of this order. Such importers having different nominated L/C opening banks, desirous of importing their share in cash, loan, credit barter or under cash foreign exchange on joint basis may do so in accordance with the procedure mentioned below:

2.0 Procedure in case of formation of group for import on joint basis before registration of L/C Authorization Form by the registration unit of Bangladesh Bank:

2.1 An importer will submit to his nominated Bank the L/C Authorization Form in the usual manner duly filled in and signed along with a declaration, that (a) he had not applied in any manner to import his share for the current shipping period individually and agrees to effect import of the same on joint basis under the group leadership of M/s..... (name and address of the group leader with IRC No. and his nominated bank to be mentioned), and that (b) undertakes not to make in any manner any claim whatsoever from the Import Control Authority in any matter arising out of default or dispute with the group leader of members of the group. Signature of the importer will be verified by the authorized officer of nominated bank with date.

2.2 The importer's nominated Bank after being satisfied that the L/C Authorization Form, the declaration given by the importer and other required information are complete and correct in all respect, will forward these papers to the nominated Bank of the group leader and will certify on the body of the L/C Authorization Form as under:

"We have no objection to allow the abovementioned group under the group leadership of M/s
this importer is eligible to import..... for Taka....."

Seal and signature of the Authorized Officer of the importer's bank with date"

2.3 The group leader will submit L/C Authorization Form in a similar manner. In addition of L/C Authorization Form he will also submit L/C Application Form covering the total value of all the L/C Authorization Forms of the group members including his own share. He will also submit a declaration to the effect that (a) particulars given in the L/C Authorization Form are correct to the best of his knowledge, that (b) he has not applied, in any manner, to import his share for the current shipping period separately other than as a member of group and that (c) he has undertaken to act as the group leader for importation on joint basis for the sake of economy by the importers in the group (here group leader will record the names and address and IRC Nos. of all the member including that of himself and their individual shares) and that (d) he undertakes not to make in any manner any matter arising out of default or dispute with members in the group. The signature of the group leader will be verified by the authorized officer of his bank with date.

2.4 The group leader's bank, after being satisfied that L/C Authorization Form and the declaration given by the group leader are complete and correct in all respects, will certify on the body of the L/C Authorization Form as under:

"We have no objection to allow the above importer to act as group leader of the group..... members".

Seal and signature of the Authorized Officer of the group leader's banks with date,

2.5 The group leader's bank will then forward L/C Authorization Form declarations of the group leader and their certificate along with the complete set of L/C Authorization Forms, declarations of all members of the group and the complete set of certificates issued by the different banks of the members, to the registration unit of the Bangladesh Bank in the respective offices of the Import Control Authority- If group members belong to different Import Control Jurisdictions the group leader's bank will submit L/C Authorization Form of the group leader and its associate members to the respective registration unit of Bangladesh Bank where the group leader is located.

2.6 Bangladesh Bank registration unit immediately after the registration of the L/C Authorization Form will forward to the concerned Import Control Authority of the importer two copies of the complete set of L/C Authorization Forms along with declarations and certificate for post-check and simultaneously return the other two copies of LC As to the nominated bank of the group leader for opening of L/C.

2.7 Where the eligible commercial importers desirous of importing their share in cash, IDA Credit of untied loan or credit belong to the same nominated bank including all the branches of the same as outlined above except that different branches of the same banks, the procedure for import on joint basis will be the same. Bank will forward complete set of documents outlined above such as; L/C Authorization Form, declaration etc. after recording the required certificate on the body of L/C Authorization Forms to the branch of the same Bank which is the nominated bank of the group leader. The nominated Bank of the group leader will process the L/C Authorization Forms in the same manner as outlined above.

2.8 In the case of Barter, STA and tied loan or credit, eligible, commercial importers desirous of importing on joint basis, will submit the L/C Authorization Form to their nominated Banks in the prescribed manner but they need not submit application for opening of Letter of Credit. The nominated Bank, on being satisfied that the L/C Authorization Form is in order, will forward all the copies of the same to the nominated Banks of the group leader after making necessary entries in the importer's Registration Certificate. On being satisfied that the L/C Authorization Form of the group leader and that of group members are in order and after the completion of all formalities of import on joint basis nominated bank of the group leader will transmit the completed L/C Authorization Forms of each member of the group including that of the group leader to the designated bank along with the application form for opening of Letter of Credit to be submitted by the group leader for the total amount covered by individual L/C Authorization Forms. The designated bank will open Letter of Credit and endorse two copies each of the L/C Authorization Form to the concerned licensing office.

3.1 In case of formation of group for import on joint basis, after registration of L/C Authorization Form, an importer will submit to his nominated Bank the L/C Authorization Form in usual manner along with intimation to his bank in writing or a declaration that he desires to form group after the registration of LCA Form. The importer's nominated bank after being satisfied that L/C Authorization Forms are complete and correct in all respects, will forward those to the concerned registration unit of the Bangladesh Bank along with the declaration. On receipt of the L/C Authorization Form duly registered from the registration unit of Bangladesh Bank the nominated bank of the importer shall at once inform the importer to form a group or groups immediately.

3.2 The importer while forming a group shall be required to submit a declaration to their bank exactly in the same forms as laid down under para 2.1 of this Annex. Signature of the importer will also be verified by the authorized officer of the nominated Bank with date. The said bank will forward all these papers, i.e. L/C Authorization Form and declaration to the nominated bank of the group leader with certificate as laid down in para 2.2 of this Annex.

3.3 The group leader shall also submit L/C Authorization Form and L/C Application Form with a declaration as mentioned in para 2.3 of this Annex. The signature of the group leader will be verified by the authorized officer of his bank with date and will endorse required certificate on the body of L/A Authorization Form mentioned in para 2.4.

3.4 The group leader's Bank will then keep two complete sets of L/C Authorization Forms, declaration of all group members and certificates issued by the different banks of the group members with complete set of L/C Authorization Form including declaration and certificate issued in respect of group leader for opening of UC and forward other 2(two) copies of L/C Authorization Forms along with complete set of papers (declaration and certificates) to the concerned Import Control Authority for post-checking. If group members belong to different Import Control Jurisdictions, complete set of papers shall be submitted to the concerned Import Control Officers of the group members for post-checking.

3.5 Where the eligible commercial importers desirous of importing their share on joint basis are located within the jurisdiction of the same Import Control Authority and have the same nominated bank including all the branches of the banks within the jurisdiction of the same Import Control Officer, the procedure for import on joint basis will be same as outlined above except that the different branches of the same will forward the complete set of documents outlined above to the branch of the same bank which is the nominated bank of the group leader. The nominated bank of the group leader will process the L/C Authorization Forms in the same manner as outlined above.

3.6 In case of import on joint basis under barter, STA and tied loan or credit, the procedure as mentioned above in Para 2.8 shall be followed:

4.0 In both cases of the formation of group, as soon as L/C is opened and transmitted to the foreign supplier, the nominated bank of the group leader will endorse the group leaders IRC as the case may be and advise the concerned Import Control Authority or Authorities and the respective banks of the members of the group about the particulars of the L/C with individual share of each member of the group.

5.0 Group by Industrial Importers: In case of import by industrial units on joint basis, they should nominate a group leader and request their nominated bank to forward their *L/C*. As along with other relevant papers to the nominated bank of the group leader for opening of L/C in accordance with the procedure outlined under para 2.0 and 3.0 of this Annex. The group leader's nominated bank after verification of the LCA Form shall open Letter of Credit on joint basis and endorse the LCA Forms accordingly.

6.0 Importers submitting L/C Authorization Form for opening of L/C or effecting import on joint basis in violation of the provisions of the Import Policy Order, 2003-2006 or of this Annex shall be liable to action as per provision of this Order.

By order of the President-

Syed M. Zobaer

Joint Secretary Government of the People's Republic of Bangladesh
